### Work Experience

**Web Developer** April 2019 - Present

- Variety of freelance, solo, and group projects
- Working with clients to understand their requirements, set expectations, build relationships, and ensure they are happy with the end product.
- Training to build and hone technical ability and skills incl. JavaScript, with React as a framework, CSS/Styled Components, Test Driven Development
- Writing clean, readable, and maintainable code.
- Focus on the front-end, with a view to go full-stack in the future.

**Team Leader, Operations Executive, Rep - TUI Travel** Nov 2015 - 2020

- Delivering excellent customer service to a wide range of travel customers in Austria, Italy, France and Greece.
- Supporting customer-facing teams with the technical hardware and software required to deliver in their roles – including selling systems, laptops, ipads, and internal apps.
- Leading teams to achieve stretching sales and service KPIs – through regular training, coaching, and performance management.
- Building and maintaining excellent supplier relations
- Planning, organising, and troubleshooting transport operations remotely for Finland, Norway, Sweden, and North America.
- Effectively managing time to balance competing priorities, with consideration for working across multiple time zones.

**Project Manager - Mindgym Ltd, London** Dec 2014 - Oct 2015

- Responsible for the development, deployment, and delivery of training programs to a portfolio of clients.
- Key point of contact for clients - listening, understanding and communicating requirements to coaches so that the sessions hit the mark.
- Problem solving for any issues that occurred during the multi-million pound training schemes that we ran

**Senior Partnerships Development Executive - USwitch** Dec 2013- DEC 2014

- Managing offline and online partner companies, selling gas and electric switching.
- Software product owner – using Agile methodology to manage the re-design of an internal web application. Coordinating input from the business, working with the developer/design team of 6, providing direction on functionality and design, running user testing
- Managing online affiliate partners, and maintaining relationships with partner companies
- Driving performance – analysis and promotion of market trends and product USPs

**Other Positions Held** Dec 2007- DEC 2013

- Partnerships Development Executive - USwitch, London
- Customer Care Consultant - USwitch, London.
- Employment Advisor – Ingeus, Nottingham
- Contact Centre Operative – SeeTickets, Nottingham
